

Introduction of weekly seminar in
Department of Public Health

Requirements for a university staff

Higher education
for university students

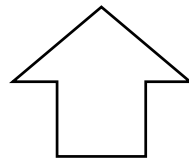

Research works

Contribution to society

Why do we do a weekly seminar?

- To report a research work progress.
- To share information of research contents.
- To proceed own researches (to report).
- ... and we have to stimulate it by ourselves!

- This department belongs a medical section. So we are highly responsible for the nation, medicine and the world.

What kind of reports should we do?

- Research progress report.
- Introduction of hot topics in public health field.
- Introduction of research papers (or own papers).
 - > anything is OK!

#Prepare and distribute summary before presentation.

#You do PC presentation by yourself (around 10-15 slides).

#You can use Japanese or English language.

How is this seminar held?

- Every Wednesday 16:30~ (18:00~ 1st Wednesday only)
- Every time, 2 members do presentation.
 - > Presentation: 15-20 minutes.
 - > Discussion: 10-15 minutes.
- Thus, 30 minutes * 2 = 60 minutes.

- The order is noticed at least before 2 weeks.
- If you have any questions, please ask me anytime.
- And see the website of Department of Public Health!
